AI/NVG7 EXPORT

The AI/NVG7 series of head mountable goggles offer users a package similar to the popular PVS-7 style of goggles in a waterproof package that offers a compact and robust design. A selection of generation 2+ and CGTI exportable tubes and multi-coated all glass optics provide exceptional performance, an optional 3X afocal extended range lens offers long range surveillance capability. The AI/NVG7 series of goggles all come with a limited two year warranty.

The AI/NVG7 ships in the soft case with flip-up headset with chin strap, operator's manual, and battery. An attachable 3x Afocal lens and universal helmet mount kit are available separately.
