# AI/PVS-14

The AI/PVS-14 is our Government Sales version of the PVS-14 with superior tube performance and a 3 year system warranty. The AI/PVS-14 offers the latest state of the art capability in a package that meets the rigorous demands of government users. It can be head mounted, helmet mounted, camera mounted, weapon mounted, and/or used as a hand held monocular.

Ask for the "Weapon Mount" package by specifying "-WM" in your requirement and you'll receive the shuttered eyeguard and weapon mount. Request the "Deployment Ready" package by specifying "-DR" in your requirement and you'll receive everything needed for immediate deployment.

The AI/PVS-14 is for sale only to government agencies and verified government contractors.
